

JMLCable, "Our Cables Make the Right Connection"

EMC Spec'd Cables
Shipped in 24 hours
2005/2006 Catalog - Division #11

JMLCable, going on 30 years, with hundreds of
thousands of cables installed and operating.
JMLCable, "We're What's Plugged In!"

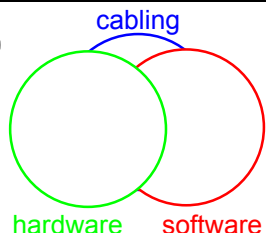

JML Computer Products Incorporated
Headquarters and manufacturing located in:

Camden County
West Berlin, New Jersey
of the
United States of America

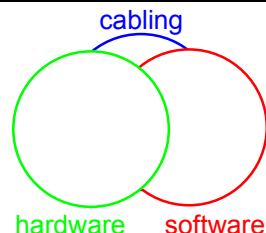

JML Computer Products Incorporated ● 1019 Industrial Drive ● West Berlin, NJ 08091

JMLCable Catalog Divisions:

- #1) Cables: Network, Telco, Data Com, Audio/Video, Fiber, SCSI, SATA, etc. rated as PVC, Plenum, Underground, or Aerial
- #2) Cable Adapters: Network, Telco, Data Com, Audio/Video, Fiber, SCSI, etc.
- #3) Cabling Equipment: Jacks, Panels, Connectors, Terminators, Racks, etc.
- #4) Bulk Cable: Network, Telco, Data Com, Audio/Video, Fiber, SCSI, Fire, Security, etc. rated as PVC, plenum, underground, or aerial
- #5) Cisco Cables
- #6) Unisys Cables
- #7) IBM Cables - International Business Machines
- #8) HP Cables - Hewlett Packard
- #9) Sun Microsystems Cables
- #10) Storage Tek Cables
- #11) EMC Cables
- #12) SGI Cables - Silicon Graphics Incorporated
- #14) Nortel Cables
- #15) Avaya Cables
- #16) Lucent Cables
- #17) Equinox Cables
- #18) Belkin Cables
- #19) Belden Cables
- #20) APC Cables
- #21) Dell Cables
- #22) BlackBox Cables
- #23) AMP Cables/ Tyco Cables
- #24) Amphenol Cables
- #25) Viewsonic Cables
- #26) Levitron Cables
- #27) Panduit Cables
- #28) Lantronix Cables
- #29) Power Cords
- #30) Power Supplys
- #31) Juniper Cables
- #32) Toshiba Cables
- #33) Panasonic Cables
- #34) Sony Cables
- #35) NEC Cables
- #36) California Digital Corporation Cables
- #37) Cray Incorporated Cables
- #38) Linux Networx Cables
- #39) Galactic Computing Cables
- #40) Dawning Cables
- #41) Atipa Technology Cables
- #42) Fujitsu Cables
- #43) Apple Cables
- #44) Verari Systems Cables

***About the JML Part#**

JMLCable Part# = JKEY# + T + L + NNN = JKEY#TLNNN = 10 Charcter Order Number System

"JKEY#" =
Product
Identification
Code
(5 digits)

<u>T</u>	"T" = Cable Product Type Code
A	Adapter
B	Bulk PVC (CL2)
C	Fully Assembled; PVC (CL2)
D	Prepped for conduit; PVC (CL2)
E	Equipment
G	Miscellaneous Labor
H	Technical Help
K	Connector Kit
L	Bulk Shotgun; Plenum (CL2P)
M	Modular Version; PVC(CL2)
N	Bulk Plenum (CL2P)
P	Fully Assembled; Plenum (CL2P)
Q	Tool
R	Prepped for conduit; Plenum (CL2P)
S	Switch Kit
T	Terminator
V	Molded; PVC (CL2)
W	Modular Version; Plenum(CL2P)
Y	"Y" Cable; PVC (CL2)
Z	Bulk Shotgun; PVC (CL2)

<u>L</u>	"L" = Cable Length Code
F	FEET
M	METER(S)
N	INCHES
T	THOUSAND FEET
X	Special

"NNN" =
Multiplier
Code ranging
from
001 to 999

JMLCable Part# = JKEY# + T + L + NNN = JKEY#TLNNN = 10 Digits

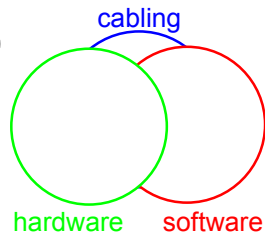

For a **6 inch**, fully assembled, PVC(CL2) rated cable with a JKEY# of **JS132**:
JMLCable Part# = **JS132 + C + N + 006 = JS132CN006**

For a **10 foot**, fully assembled, PVC(CL2) rated cable with a JKEY# of **JS111**:
JMLCable Part# = **JS111 + C + F + 010 = JS111CF010**

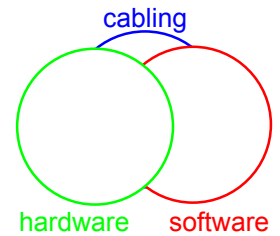

For a **10 meter**, fully assembled, Plenum(CL2P) rated cable with a JKEY# of **JS131**:
JMLCable Part# = **JS131 + P + M + 010 = JS131PM010**

For an adapter with a JKEY# of **JS135**:
JMLCable Part# = **JS135 + A + X + 000 = JS135AX000**

Dear Cable User,

2006

JMLCable provides cabling as its core specialty and can manufacturer, ship and install cables that satisfy your complete interface cabling needs. When dealing direct with JMLCable, you communicate with industry experts, having pure and extensive firsthand knowledge of all types of fiber/copper cabling and connection schemes.

JMLCable is your fast track to connecting the dots, with just in time design & build capabilities providing last mile, campus, peripheral device and structural building infrastructures for industrial, commercial, or residential environments.

JMLCable is a member of BICSI(Building Industry Consultant Services International) and has a BICSI accredited RCDD(Registered Communications Distribution Designer) on staff . BICSI is an international organization whose primary objective is to enhance the reputation and skills of companies and individuals employed in the telecommunications industry. This is done by ensuring that current and developing standards are maintained continually. A BICSI accredited company or individual is best placed to offer the enterprise real time solutions that will meet performance criteria for today and tomorrow. This is done through accredited training and continual regard to developing technologies. RCDD's are a professional designation of superior design expertise in the implementation and integration of telecommunications and data communications transport systems, and related infrastructure.

In terms of sheer sweep of technological advancement the 30 years since JMLCable began providing custom, state-of-the-art computer interface cables represents an era of unparalleled progress.

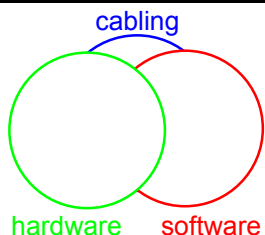

JMLCable produces over 20,000 custom products which we provide today for a constantly expanding base of customers of every size, on six continents.

JMLCable has been presented numerous Supplier Recognition Awards for its excellence in supplying quality products on-time with superior service.

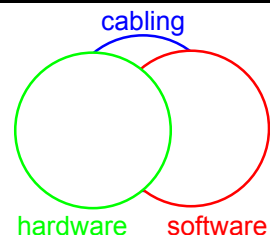

JMLCable Quality is above industry standards in testing procedures, we fully test each cable twice for resistance and capacitance to ensure connection reliability. Labels from JML come with great detail with a unique serial # which gives it an identity that symbolizes and keeps track of the quality and workmanship that went into making it. This JMLCable quality instilled confidence gives the installer/ integrator quicker and more hassle free installations.

The JMLCable brand includes any computer, network, power, audio, or video cable for home, small office, industrial, or corporate use. Including Networking products like, patch panels, Category 5e Enhanced/ Cat 6 jacks, wall plates, free standing/ wall mounted racks, server enclosures, power strips, power cords, and replacement power supplies for laptops and other AC/ DC uses. Some more products that are obtainable through JML are complete workstation systems loaded with just plain XP, flat panels, high end video cards, monitors, cases, keyboards, trackballs, mouse, memory, hard drives, etc.

5

5

The four main areas of focus by JMLCable:

- #1) Cable Manufacturer(1977 - Present)
- #2) Design and Build Premise Wire Cabling Infrastructure(1981 - Present)
- #3) Certified National Accounts Dealer, and Installer for the following products:
- #4) Jros3 - JMLCable Ring of Support for your Safety and Security

#1) Cable Manufacturer(1977 - Present) - Built with copper or glass/plastic fiber optic material bought direct from the industries top manufacturers like Madison Cable(AMP/Tyco), Alcoa(AFL) Fiber Cable, Coleman Cable, AMP(Tyco), Amphenol, Molex, 3M, Ortronics, etc.

Cable types include:

- Bulk Cable and Connectors
- Computer and peripheral device data interface cables
- Network interface cables
- Internal and external SCSI cables
- Wireless antenna cables
- Analog/ Digital audio/ video/ multimedia cables
- Power cords(US/International), equipment cords, power strips, and replacement power supplies(laptops, monitors, scanners, etc.)
- CATV/ Satellite cables

JMLCables are currently in use connecting the following system platforms:

Sperry Univac, Unisys, Cisco, IBM, HP, SUN, Storage Tek , EMC, SGI, Nortel, Avaya, Lucent, Samsung, and Dell.

In the following organizations:

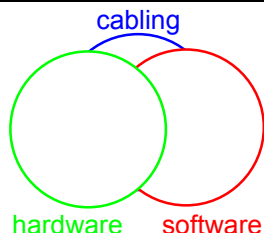

Air Force Global Weather Center, FAA Logistics Complex - Anchorage, Bellcore, Harrisburg State Hospital, PA Central Management Information Center, NAVCOMTELSTA, Dept of Information Technology, Sungard Recovery Services, Federal Reserve Bank, Employment & Immigration Canada, Central Minnesota Computing Center, Texas Department of Health, New York State Department of Tax & Finance, U.S. Coast Guard, Naval Reserve Readiness Command, National Board of Medical Examiners, NBC Computer Services Corp., NASA Goddard Space Flight Ctr, Missile & Space Intelligence Center, Disney Worldwide Services Inc. and every US Air Force base in the world, FAA ARTCC facility; Sperry Univac/Unisys office; and Crown Cork & Seal facility in the country. We provide these and countless other customers with thousands of quality cables.

#2) Design and Build Premise Wire Cabling Infrastructure(1981 - Present) - Onsite cabling includes Cat 5e, Cat 6, telco, USB, component video, firewire, HMI, RG-58, RG-59, RG-62, RG-6, Hadix, V.35, RS-232, RS-530, RS-449, Block Mux Channel, IBAG, fiber optic singlemode/ multimode fiber and radar control wiring.

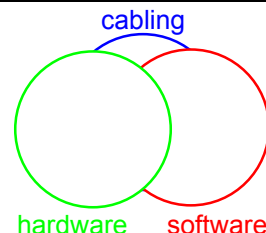

JML Computer Products Incorporated ● 1019 Industrial Drive ● West Berlin, NJ 08091

6

6

JMLCable designs, builds, installs and supplies complete telecommunication systems including racks, patch panels, shelves, grounding kits, seismic tie downs and cable management. Configured to work with your servers, switches, shelves, and KVM extending/ splitting devices.

These premise cabling systems come complete with hard or soft copy testing reports, a labeling system, as built documentation and are supported over the life of the cable system.

Here is a list of some large scale installations completed and certified by JMLCable:

FAA facilities(1992 - Present) - Installed over 1000 Cat 5e data cable runs in (4) of the Air Route Traffic Control Centers(ARTCC), over 300 fiber cable runs in (6) of the Air Traffic Control Towers(ACTC), and over 4000 custom built cables in the Tech Center(ACT).

United Parcel Service facilities(2001 - present) - Installed over 2500 Cat 5e data cable runs including multi-pair demarc extension and fiber runs in over 12 different regional sites.

#3) Certified National Accounts Dealer, and Installer for the following products:

Samsung VoIP Phone Systems(1992 - Present) - Samsung iDCS500 Release 2 voice over IP system allowing 50+ systems linked via voIP with 500+ users each, including fully featured remote IP and wireless 802.11b IP KeyPhones and all connected with JMLCable brand telco and network cables.

BICSI - RCDD - certified Registered Communications Distribution Designer
www.bicsi.org

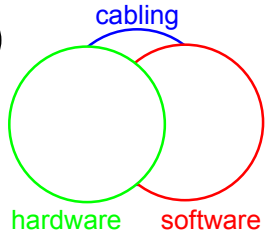

Berk-Tek/Ortronics - Certified installer of the NetClear network cabling performance warranty
www.ortronics.com

Lantronix - Lightwave (service depot location) - Fiber optic extenders(over a mile), extending high quality analog and digital video, USB, PS2, and RS232 signals using Lightwave VDE 160/350 units all connected with JMLCable brand fiber cables. This system allows the Workstation or PC to be located in one location and the monitor, keyboard, mouse, and or bar code reader in another. RS232/485 to IP converters(wireless 8011.2b or 10/100 RJ45 network connection)
www.lantronix.com

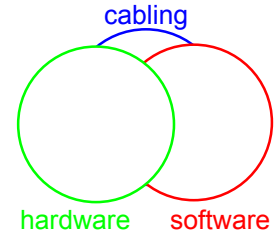

Symbol - Bar code readers all connected with JMLCable brand power and signal extender cables.

Extron - Video splitters and boosters all connected with JMLCable brand video coax cables.

7

7

RadUSA - T1 over IP, T1 compression(16 to 1), 50 mile wireless T1/IP links(using free unlicensed frequency), etc., all connected using JMLCable brand T1, V.35, network, and antenna cables.
www.radusa.com

NTI - Keyboard , Video, Mouse extensions and switches with JMLCable brand KVM cables.

#4) Jros3 - JMLCable Ring of Support for your Safety and Security - The Jros3 is a complete Technical Services Help Desk that has an intelligent overlapping **Ring of Support**. Providing ongoing situational Cabling, Hardware, and Software **Support for your Safety and Security**.

The Jros3 Team surrounds each Network operation with the 3 core facets of Networking, Cabling, Hardware and Software. With a concept that has shown great success, Jros3 has proven that they can get the job done better then the normal unilateral approach, that is using 1 company or individual help desk support.

The concept of the Jros3 was designed to include a group of trusted professional corporations and individuals. The Jros3 allows this trusted group to focus with greater intensity on thier core Help Desk responsibility, and with the sum of these parts working together your Network will be maintained at a higher than normal intensity level.

Different members of the Jros3 Team are assigned as your Primary Support Provider(PSP) and others as your Secondary Support Providers(SSP), this gives you redundant and overlapping providers covering your Help Desk needs.

JMLCable provides cabling as its core specialty, as well as the initiative to create the Jros3 concept to serve its customers with the best service available.

The JMLCable Team led by John Sr and John Jr has 50+ combined years of practical experience in this industry and make it available to you literally 24/7. Anytime you need a cable or just advice the JMLCable Team will do it's best to row in the right direction towards helping you.

Make the right connection with JMLCable,

John McLaughlin Jr - RCDD
